2023 BOARD OF DIRECTORS ELECTION

OFFICIAL ELECTION BALLOT ATTACHED

This is an official election packet that contains items that require ACTION by your Agency's governing body for the selection of up to three (3) candidates to the SDRMA Board of Directors.

ELECTION PACKET ENCLOSURES

- Election Ballot Instructions
- □ Official Election Ballot (Action Required)
- □ Candidate's Statements of Qualifications (4)

SDRMA'S BOARD OF DIRECTORS ELECTION BALLOT INSTRUCTIONS

Notification of nominations for three (3) seats on the Special District Risk Management Authority's (SDRMA's) Board of Directors was mailed to the membership in January 2023.

On May 11, 2023, SDRMA's Election Committee reviewed the nomination documents submitted by the candidates in accordance with SDRMA's Policy No. 2022-06 Establishing Guidelines for Director Elections. The Election Committee confirmed that (4) candidates met the qualification requirements, and those names are included on the Official Election Ballot.

The Official Election Ballot along with a Statement of Qualifications as submitted by each candidate is posted to the SDRMA MemberPlus portal along with these instructions. Election instructions are as follows:

- 1. The Official Election Ballot must be used to ensure the integrity of the balloting process.
- Print a copy of this ballot, then select up to three (3) candidates. Your agency's governing body must approve the Official Election Ballot at a public meeting. Ballots containing more than four (4) candidate selections will be considered invalid and not counted.
- The signed Official Election Ballot MUST be sealed and received <u>by mail or hand delivery at</u> <u>SDRMA's office on or before 4:30 p.m. on Tuesday, August 8, 2023 to the address below.</u> Faxes or electronic transmissions are NOT acceptable.

Special District Risk Management Authority Election Committee 1112 "I" Street, Suite 300 Sacramento, California 95814

- 4. The four-year terms for newly elected Directors will begin on January 1, 2024, and terminate on December 31, 2027.
- 5. Important balloting and election dates are:
 - August 8, 2023: Deadline for members to return the signed Official Election Ballot.
 - August 9-11, 2023: Ballots are opened and counted.
 - August 10-11, 2023: Election results are announced, and candidates notified.
 - November 1-2, 2023: Newly elected Directors are invited to attend SDRMA board meeting (Sacramento).
 - January 2024: Newly elected Directors are seated, and Board officer elections are held.

Please do not hesitate to contact SDRMA's Management Analyst Candice Richardson at crichardson@sdrma.org or 800-537-7790 if you have any questions regarding the election and balloting process.

This information will be distributed to the membership with the ballot, "exactly as submitted" by the candidates – no attachments will be accepted. No statements are endorsed by SDRMA.

Candidate*	Bob Swan			
District/Agency	Groveland Community Services Distri	ct (GCSD)		
Work Address	P.O. Box 350, Groveland CA 95321			
Work Phone	(209) 962-7131	_Cell Phone_	(408) 398-4731	192

*The name or nickname and any designations (i.e. CPA, SDA, etc.) you enter here will be printed on the official ballot, exactly as submitted.

Why do you want to serve on the SDRMA Board of Directors? (Response Required)

I have been a member of the SDRMA Board for two terms. I would like to be elected to a third term because:

- As a board member of Groveland CSD, I am very aware of the great value that smaller districts get from their membership in SDRMA, and I'd like to continue to support the Authority's great member services.
- While the organization continues to operate well, thanks to its experienced and motivated staff, we are once again going through a period of management change. I believe that Board continuity is particularly important
- at such a time.

3. The California re-insurance market continues to be challenging. I believe that my eight years of board experience will be helpful as we negotiate the potentially tricky economic future.

 Personally, I feel that we have a very well-functioning and collegial Board, and I find it both challenging and enjoyable to be part of it.

What Board or committee experience do you have that would help you to be an effective Board Member? (SDRMA or any other organization) (Response Required)

1. SDRMA Board: Member since 2016, presently Vice President. I am our representative on the CSDA Legislative Committee (and a member in my own right), and on the Alliance Executive Council.

2. Groveland CSD Board: Member since appointment in June 2013. I was Board President 2014-2018.

3. Member of Board of Southside Community Connections, which is a 501(c)(3) nonprofit in Groveland that provides transportation, educational, social and recreational services to seniors and differently-abled folks in the Groveland area. I was on this Board from 2018 through 2022, mostly as Treasurer.

4.Board Member (Treasurer) of Pine Cone Performers, a local community choral and acting group, since 2010.

What special skills, talents, or experience (including volunteer experience) do you have? (Response Required)

Background: BS Physics, MS Computer Science. 3 years in USAF. 30 years in the semiconductor industry as engineer, engineering manager, business unit director.

Skills, etc.: Very familiar with financial reports and cost accounting. Working knowledge of computer and communications technology. In my work life, I managed geographically distributed organizations with up to 150 technical personnel and up to \$120 million in annual sales. I'm pretty good at helping groups work together to achieve consensus (or, failing that, acceptable compromise).

In recent years, most of my volunteer work has been in driving folks (who can't drive themselves) to medical appointments, shopping, and the like. This is one of the services of Southside Community Connections.

I'm also a pretty decent choral singer, but that's not relevant to this application.

What is your overall vision for SDRMA? (Response Required)

Our vision statement is "To be the exemplary public agency risk pool of choice for California special districts and other public agencies". To achieve this vision, I believe we must focus on:

(1) maintaining long-term financial stability, by ensuring that there is a fair allocation of cost versus risk across the membership, continuously evaluating the appropriate level of risk retention, and using creative ideas like our "captive" reinsurance agency to enhance our cash position.

(2) continue to expand our risk management training and assistance services. We have made significant improvements in this area by bring it internal to the Authority.

(3) continue to emphasize services to our core membership: small to mid-sized districts with limited options for insurance.

(4) ensure that SDRMA remains a desirable workplace, and maintain our highly-qualified and responsive staff.

Above all, remember that this is an insurance pool, owned by its member agencies, and maintain an

overarching focus on member service and support. Make certain that we will be here for our members.

I certify that I meet the candidate qualifications as outlined in the SDRMA election policy. I further certify that I am willing to serve as a director on SDRMA's Board of Directors. I will commit the time and effort necessary to serve. Please consider my application for nomination/candidacy to the Board of Directors.

Candidate Signature

This information will be distributed to the membership with the ballot, "exactly as submitted" by the candidates – no attachments will be accepted. No statements are endorsed by SDRMA.

Candidate* ACQUANETTA WARREN
District/Agency Local Agency Formation Commission (LAFCO) for San Bernardino County
Work Address 1170 W. Third Street, Unit 150, San Bernardino, CA 92415-0490
Work Phone (909)388-0480 Home Phone
*The name or nickname and any designations (i.e. CPA, SDA, etc.) you enter here will be printed on the official ballot, exactly as submitted.

Why do you want to serve on the SDRMA Board of Directors? (Response Required)

As a City Mayor I have been fortunate to serve on regional boards that include special district representation: San Bernardino Countywide Oversight Board and Southern California Water Coalition's Board of Trustees. I realize that special districts, especially the smaller districts, are not included in the conversation for a variety of matters. Currently, I serve on San Bernardino LAFCO and the California Association of LAFCOs, which do have robust special district representation. I believe that my skills, experience, and understanding can contribute to SDRMA. Specifically, I want to contribute by developing programs that would help member agencies maximize their protection and minimize their risks.

What Board or committee experience do you have that would help you to be an effective Board Member? (SDRMA or any other organization) (Response Required)

I currently serve as mayor for the City of Fontana. This is my fourth term, and my focus has been bolstering economic development, creating educational opportunities, improving public safety, and advocating for a healthier community. As mayor, I have been fortunate to serve on:

- San Bernardino LAFCO since 2014, serving currently as Vice Chair of the Commission. I am also a Board Member of the statewide organization of LAFCOs, CALAFCO, serving as Treasurer
- San Bernardino County Transportation Authority: Board of Directors, General Policy Committee, and Transit Committee
- San Bernardino County Racial Equity Committee for the San Bernardino Council of Governments
- San Bernardino Countywide Oversight Board

In addition, I am the current Chair for the Southern California Water Coalition's Board of Trustees as well as Co-Chair of its Task Force for Water Equity, Access, and Affordability.

What special skills, talents, or experience (including volunteer experience) do you have? (Response Required)

Aside from being Mayor for the City of Fontana, I am currently the District Director for the Second Supervisorial District for San Bernardino County and I coordinate district services and communications with constituents, I oversee community outreach efforts, as well as supervise district staff.

In addition to local-level involvement, I have served on the State Park Commission and as a trustee of the United States Conference of Mayors, an official non-partisan organization of cities in the United States with populations of 30,000 or more. I have also served in community organizations such as Water/Recycled Water Projects and Development Processing for New Communities, Casa Colina Rehabilitation Hospital Board of Directors, and the Upland YMCA Board of Directors.

What is your overall vision for SDRMA? (Response Required)

My vision for SDRMA is to ensure that it continues to be the best risk management agency, who will continue to listen and communicate with its member agencies. I would strive to make sure SDRMA continues to provide excellent service, provide educational and training programs that are beneficial to its member agencies, and offer more resources that add value to its members. Lastly, I want to make sure SDRMA operates in the highest ethical manner with complete transparency.

I certify that I meet the candidate qualifications as outlined in the SDRMA election policy. I further certify that I am willing to serve as a director on SDRMA's Board of Directors. I will commit the time and effort necessary to serve. Please consider my application for nomination/candidacy to the Board of Directors.

Why do you want to serve on the SDRMA Board of Directors? (Response Required)

My interest for being on the SDRMA Board of Directors is because I believe it is imperative for there to be a knowledgeable and experienced voice on the Board with the perspective of the small to mid-size special district. In addition, I am eager to continue working with SDRMA staff and fellow Board members, providing relevant and affordable solutions, available to all special districts.

What Board or committee experience do you have that would help you to be an effective Board Member? (SDRMA or any other organization) (Response Required)

The vast amount of understanding and experience that I've gained as a current member of the SDRMA

Board of Directors will undoubtedly aide as I continually strive to be an increasingly effective member of

the SDRMA Board of Directors going forward.

In addition to being a current SDRMA Board member, I am currently Chairman of the Board for the Honey Lake Valley Resource Conversation District and a board member of a Regional Water Managment Group. Previously I have served on the following, Lassen County's Civil Grand Jury, two terms, CSDA Professional Development committee, two terms, Janesville Union School District trustee, Technical Advisory Committee for the prevention of violence against schools K-12, two terms, and CSDA Member Services committee, two terms.

What special skills, talents, or experience (including volunteer experience) do you have? (Response Required)

I have attended various board member trainings and completed leadership and governance classes, including the following; CSDA's Extraordinary Leadership Training and CSDA's Special District Leadership Academy. I have received CSDA's Recognition in Special District Governance certificate and successfully completed Executive Education in Public Policy at University of Southern California, Sol Price School of Public Policy.

What is your overall vision for SDRMA? (Response Required)

My continued vision for SDRMA is to be effective within the communities they serve. With focused attention to affordable solutions, administered by a team of highly dedicated professional staff, SDRMA will continue to be an industry leader providing affordable solutions to its members.

I certify that I meet the candidate qualifications as outlined in the SDRMA election policy. I further certify that I am willing to serve as a director on SDRMA's Board of Directors. I will commit the time and effort necessary to serve. Please consider my application for nomination/candidacy to the Board of Directors.

Why do you want to serve on the SDRMA Board of Directors? (Response Required)

I am a current Board member of SDRMA and feel that I have added my financial and general manager background to make a better-informed decision for SDRMA members. As a Board member, I continue to Improve my education of

insurance issues and look forward to representing small District's and Northen California as a voice on the SDRMA Board. I feel I am an asset to the Board with my degree in Business and my 35 plus years' experience in accounting and special districts.

I understand the challenges that small District face every day when it comes to managing liability insurance, worker's compensation and health insurance for a few employees with limited revenue and staff. My experience in small

districts give me an appreciation of the importance of risk management services and programs, especially for smaller District that lack expertise within.

I feel I am an asset to this Board, and would love a chance to stay on 4 more years!

What Board or committee experience do you have that would help you to be an effective Board Member? (SDRMA or any other organization) (Response Required)

While serving on the SDRMA Board, I have been privilege to be Secretary of the Board, Vice-President and currently

President. I have served on CSDA's Audit and Financial committee's for several year: I have served on the SDLF Board and current President; Northeastern Rual Health Clinic Board; Fair Board; School and Church boards; 4-H Council and leader for 18 years; and UC Davis Equine Board. In the past 30 years, I have learn that there is no "I" in Board and it can be very rewarding to part of a team that makes a difference for others.

As part of my many duties working for Herlong PUD, I worked to form the District and was directly involved with LAFCo,

Lassen County Board of Supervisors and County Clerk to establish the initial Board of Directors and first policies for HPUD. I have administered the financial portion of 2 large capital improvement projects with USDA as well as worked on the first ever successful water utility privatization project with the US Army and department of Defense. I am

currently in the middle of a 14 million infrastructure project with SRF monies. I am also the primary administrator of two federal contract for utility services.

What special skills, talents, or experience (including volunteer experience) do you have? (Response Required)

I have my Bachelor's Degree in Business with a minor in Sociology. I have audit small districts and worked for a small district for almost 18 years. I am a good communicator and organizer. I have served on several Boards and feel I work

well within groups or special committee. I am willing to go that extra mile to see things get completed.

I believe in recognition for jobs well done. I encourage incentive programs that get members motivated to participate and strive to do their very best to keep all losses at a minimum and reward those with no losses.

With HPUD and with SDRMA both boards and employees have worked hard to receive their District of Distinction and their District of Transparency.

I feel I am a good leader with people skills that can accomplish what is necessary to keep a District or JPA moving forward.

What is your overall vision for SDRMA? (Response Required)

SDRMA Staff and Board work together to bring Special Districts affordable insurance for the pool they serve. By

listenting to the needs of all California Special Districts and meeting those needs at a reasonable price that Special Districts can afford. I would continue advocating for these continued efforts and rewarding continue education for all Districts and employees.

I see SDRMA pool continuing for centuries and serving those needs.

I certify that I meet the candidate qualifications as outlined in the SDRMA election policy. I further certify that I am willing to serve as a director on SDRMA's Board of Directors. I will commit the time and effort necessary to serve. Please consider my application for nomination/candidacy to the Board of Directors.

CARB Passes ZEV Mandate on Local Agency Medium-Duty and Heavy-Duty Fleets

By Kristin Withrow posted 20 hours ago

Follow 5

0 LIKE

Last week, <u>CARB approved</u> its <u>Advanced Clean Fleet (ACF) regulation</u> which will require local government medium and heavy-duty fleets to begin transition to zero emission vehicles (ZEVs) as soon as January 1, 2024. CARB passed the regulation unanimously, as amended to include amendments read by CARB Executive Officer Steven Cliff as well as a reference to CalOSHA as a stakeholder for implmentation. CSDA testified in opposition, citing timeline, cost, infrastructure, and emergency response concerns.

In addition to providing public testimony, CSDA partnered with CalCities and the California State Association of Counties on joint comment letter, met with CARB staff, organized several virtual roundtables with CSDA members and CARB board members to share local examples of implementation concerns, and spoke with reporters covering the issue, gaining coverage in <u>CalMatters</u> and the <u>Sacramento Bee</u>. However, following many hours of testimony, CARB approved the regulation and <u>corresponding resolution</u>.

SB 1383 and 2025 "Check-In" Added to CARB Resolution in Response to Sanitation Agency Concerns

In response to concerns from sanitation agencies, CARB added a section to the end of its April 27 adopted resolution making reference to SB 1383 (Lara, 2016). In addition, CARB added a "report-back" in 2025 on progress that would include any other actions that are necessary that the board or others

might need to take to achieve the regulation's goals. Executive Officer Steven Cliff read into the record the following amendment to the final paragraph:

"Be it further resolved that, consistent with the latest Scoping Plan, the Board recognizes that the successful implementation of the food waste diversion requirements and methane emissions reductions mandated by SB 1383 are critical to the State's climate goals. The Board further recognizes that multiple reliable uses for non-fossil biomethane will be needed for successful implementation. The Board recognizes the need for coordination meetings with other state agencies such as CEC, CPUC, State Water Resources Control Board, CalRecycle, CDFA, CNRA, and other relevant stakeholders such as the California Association of Sanitation Agencies and the California Air Pollution Control Officers Association, to implement SB 1383 and SB 1440.54 As such, the Board directs staff to prioritize policy discussions related to SB 1383 and SB 1440 implementation and discussions on how to transition biomethane into hard to decarbonize sectors, or as a feedstock to produce hydrogen for FCEV fuel and to produce electricity to charge BEVs to achieve the SB 1383 target. The board further directs staff to report to the board by the end of 2025 on progress for alternative uses of biomethane, including identifying any appropriate regulatory actions as needed.

CARB Staff Outlines Added and Amended Exemptions and Extensions

Over the course of the regulation drafting process, CARB established a number of noteworthy exemptions and extensions to the ACF. However, CARB ultimately retained its fundamental implementation timeline requiring 50 percent of all newly purchased medium-duty and heavy-duty vehicles to be ZEV starting January 1, 2024 and 100 percent starting January 1, 2027.

The CARB board and staff detailed several <u>exemption options</u> and pathways for compliance in the regulation as part of their <u>meeting presentation</u>.

New Flexibilities Highlighted by CARB

State and Local Government Fleets: A number of changes were made to provide more flexibility for State and Local Government, including:

- **ZEV Milestone Phase-In Option:** State and local governments are now able to use the optional ZEV milestone phase-in option that provides flexibility for fleets to prioritize the phase-in of ZEVs based on suitability.
- Fleets of 10 or less: Divisions that have 10 or fewer vehicles, or agencies that are in certain
- designated counties will remain exempt from the ZEV purchase requirement until 2027.

• Near Zero-Emission Vehicles (NZEVs): State and local government fleets may now count NZEVs the same as ZEVs, for the purposes of determining compliance, until 2035. An NZEV is defined as a plug-in hybrid vehicle with a minimum all-electric range.

Waste and Wastewater Fleets Provisions: This provision provides more time for certain vehicles in waste and wastewater fleets who are implementing organic waste diversion programs and exclusively fueling eligible vehicles with biomethane. This provision would defer ZEV requirements until 2030 for eligible fleets who elect to comply with the ZEV Milestone option.

Accident/Non-Repairable Vehicle Provision: This provision allows for the purchase of another used internal combustion engine (ICE) vehicle with the same or newer model year engine as the vehicle that was rendered non-repairable due to a one-time event like a fire or accident without affecting the compliance date associated with the vehicle that was deemed to be non-repairable.

Intermittent Snow Removal Vehicle Exemption: In the original proposal, dedicated snow removal vehicles were already exempt from the ACF regulation. This provision would provide a temporary exemption for intermittent snow removal vehicles to exclude them from the ZEV requirements until 2030. Intermittent snow removal vehicles are trucks that operate as a snowplow part of the year and other uses when there is no snow to plow.

Transit Fleet Exemption: This provision temporarily excludes transit agencies subject to the Innovative Clean Transit regulation until 2030. This provides more time before ZEV purchases begin for their maintenance and support vehicles allowing them to focus their efforts on electrifying their transit buses first.

Updated Flexibilities Highlighted by CARB

ZEV Purchase Exemption: This provision allows fleets to delay adding certain vehicles to the fleet if they are not yet available and would now include two options to use the exemption.

- The existing proposal would require that CARB maintain a list of what vehicles can be purchased as an ICE vehicle if ZEVs are not available to purchase in given configuration type. Fleet owners would not need to apply for an exemption for vehicles on the list and would report the purchase when the vehicle is received.
- Fleet-specific exemption. In addition to vehicles on the list, a fleet owner may apply for an exemption if the ZEV cannot be configured to meet the primary intended function the fleet owner needs. For example, this would cover cases where the fleet needs a truck upfit with a bucket truck body with 100 ft. of reach and ZEVs are only available in a configuration with a 50 ft. reach.

CARB will verify no manufacturers can produce and sell the configuration and shall issue the exemption within 45 days.

- Fleet protections. Additional modifications were made include more fleet owner protections when assessing what ZEV configurations as considered to be available. For example, a newly added requirement for a ZEV to be considered available is that it will have to meet the Zero-Emission Powertrain certification requirements, it cannot be a demonstration vehicle, and it must be available to purchase within the next two model years.
- Exemption coverage. This exemption was also expanded to apply to all vehicle weight classes instead of just heavier trucks. This exemption does not apply to drayage trucks because there are multiple tractor models are already available.

Daily Usage Exemption: This provision allows fleet owners to apply for an exemption to purchase an ICE vehicle if ZEVs are available in a given configuration, but do not meet the fleet's daily mileage and stationary operational use needs.

- Miles and operations. Fleet owners would need to submit information to CARB about the daily mileage (or usage) of existing vehicles in the fleet to show that available ZEV could not be placed in the fleet to meet daily needs based on miles and hours of operation in a 30-day period within the prior year. Fleets with mutual aid agreements would also be able to use data from the prior 5 years.
- The provision was also expanded to give fleet owners the ability to use operational data to compare with fleets that operate ZEVs in a similar application and by shortening the time period fleets would need to collect vehicle data to support a fleet's exemption request.

Infrastructure Delay: This provision allows fleet owners to receive an extension if the installation of infrastructure at their site was delayed for reasons outside of their control and they took steps to start the project one-year ahead of the next compliance date. The provision was expanded in several ways to address construction delays and utility delays.

- Construction delays. Unexpected delays after construction started would qualify for an extension for up to two years instead of one and would include delays associated with ZEV infrastructure equipment (e.g., charger and hydrogen dispensing equipment).
- Utility delays. Site electrification delays by the utility could be used to support extensions for an initial 3-year period and an additional 2-year extension based on the utilities ability to provide sufficient power to the site and based on how many ZEVs can be supported each year.

Mutual Aid Exemption: Fleets that have mutual aid agreements (e.g., public fleets and utilities) would be able to purchase ICE vehicles for up to 25 percent of their fleet. Access to this option was improved by reducing the ZEV threshold before a fleet owner could claim the exemption to purchase ICE vehicles and the provision was expanded to allow for ICE vehicle purchases in all vehicle weight classes. The ZEV threshold was reduced from 75 percent ZEVs to a phased in threshold where fleet owners would become eligible if exceeding 25 percent ZEVs until 2032, 50 percent until 2035, and 75 percent thereafter.

CSDA will be working with CARB to get the most up to date information on the implementation. Please see <u>CARBs fact sheet</u>, and visit the <u>CARBs website</u> for more information.

CARB has also planned a webinar on May 9, 2023 which you can sign up for here.

CSDA will share more as it becomes available. Please reach out to Heidi Hannaman if you have any guestions at <u>heidih@csda.net</u>.

Hi Cindy,

My apologies for the late reply... I've been back out in the field for the last couple days.

We just finished calculating the Seepage Pit testing results. Both the Leach Line and Seepage Pit testing results "passed," however; <u>both</u> are on the County margin of failing.

The Leach Line testing is sitting at 60 min/inch (maximum per County - and previously 30 min/inch), and the Seepage Pit testing is sitting at 1.1 gal./sq.ft sidewall/day (maximum per County - and previously 1.7 gal./sq.ft sidewall/day).

In a nut-shell, the Leach Line area basically doubles, so we'll need to re-design the Leach Line area. We still need to calculate the linear feet of Seepage Pit required, but with the lower rate we'll need more linear feet of Seepage Pit wall to make it work... We'll get the required leach field areas over to the Team ASAP, so we can start working on the re-design of the Leach Line area. The Seepage Pits will still fit into designated areas...

Respectfully,

Todd A. Greer Vice President, CEG 2377 Todd, Thanks for your feedback on this. Too bad about some of the results – but it sounds like we still have a heartbeat. We'll be on the lookout for your estimate of the expanded leach field limits to address the new readings. Thanks again Todd, enjoy the evening, craig

Craig Sensenbach, LLA, ISA Principal, Landscape Architect

Hello Cindi-

Thank you for your reply.

I can confirm I have updated you single purchase limit from 5k to 10k and updated your emails address.

Thank you and have a wonderful day.

Roxane P.

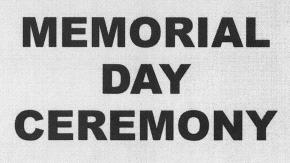

How was my service today? Click here to take a short survey.
